GIVING WINGS TO YOUR DREAMS

NEWSLETTER SEPTEMBER 2023

Pre Primary

Janmashtami celebration

Janmashtami is a vibrant and spiritually enriching festival that celebrates the birth of Lord Krishna. One of the most famous customs associated with Janmashtami is the "Dahi Handi" and our little ones were very curious and full of enthusiasm to break the Matka. Children came dressed up in traditional clothes for the day and celebrated the birth of Lord Krishna with zeal.

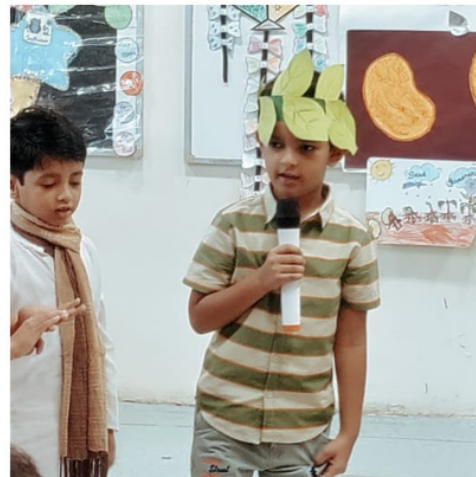

Sr Kg Inquiry Fair

The Inquiry fair of senior kg students on Green Kingdom was a delightful celebration of their learning journey. The children shared fascinating facts about the needs of plants, the parts of a plant, and the importance of plants in our lives.

Academic Activities

Nursery

Area of Inquiry

In our Area of Inquiry on “All about Me” students further learnt about the importance of family members, their role in our life. They also learnt about self-awareness, daily routine and hygiene. We began with our 2nd inquiry on “Animal Kingdom” and students are having fun learning about different animals that they see around them through stories, games and group activities.

All the above activities were learnt through various stories, games and group activities

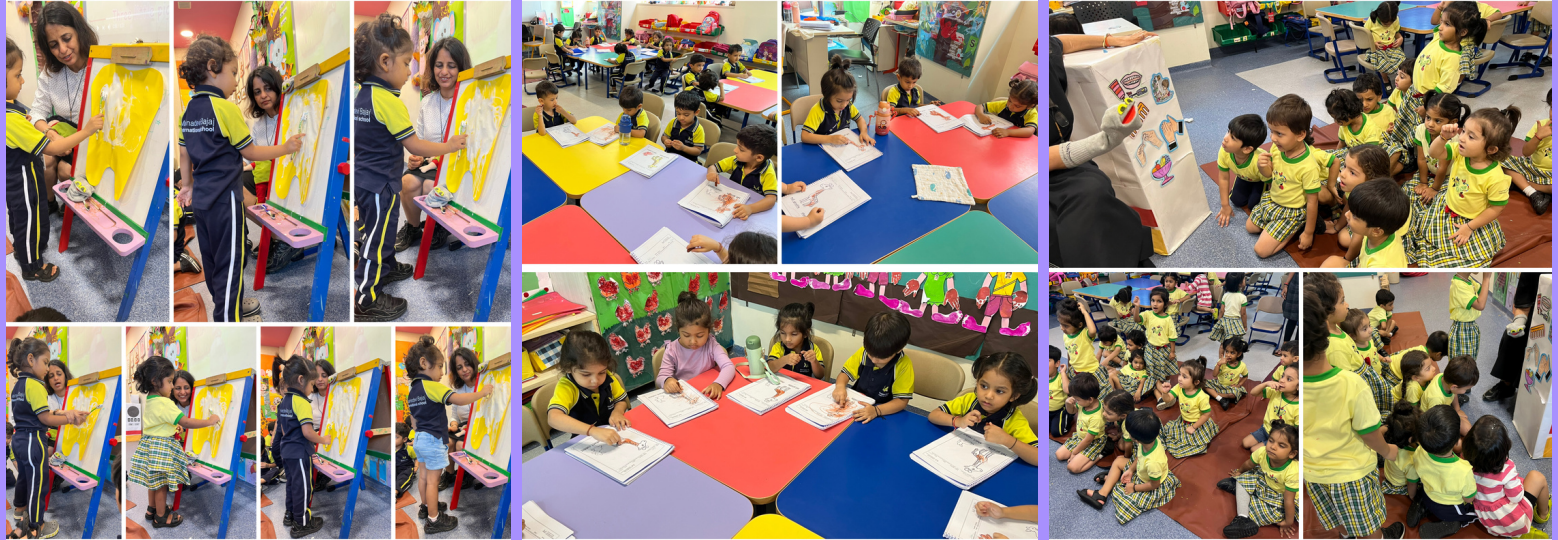

Numeracy

Our little learners had fun counting numbers 1-30 aloud with their friends and are now learning to begin with counting numbers up to 60. Students revised all the numbers done from 1-4 through worksheets, games and counting objects. Students were encouraged to count fans, lights, AC”s windows and crayons kept in a tray as simple everyday tasks.

For our little learners understanding the concept of tall and short is an important part of our development, as it helps them develop spatial awareness and the ability to make comparisons. Students learnt the difference between tall and short through sorting manipulative followed by colouring tall and short pictures in the worksheet.

Literacy

Recap of the letters learnt was done through group activities which helped students identify letters, say the sound, and identify the pictures that are related with the beginning sound of the letters. This was done with a follow-up activity of sticking pictures related to the letters.

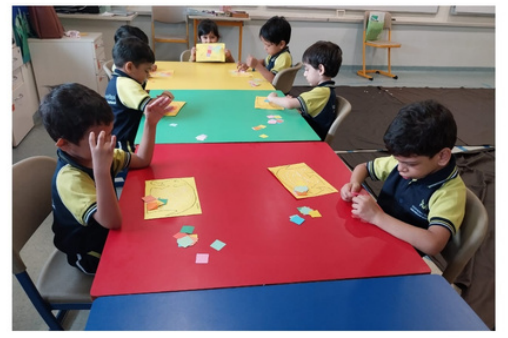

Jr Kg

Numeracy: students are learning about the square shape.

Literacy: students are learning 2 letter words with the vowel "e". They are joining 2 letters and are learning to make a word

Ganesha Chaturthi: Students made modak and welcomed Lord Ganesha

Primary

Culmination Grades 1-5

2023, September 12th, 13 and 14th were fun-filled days, brimming with enthusiasm and success for the students of the Primary section at MBIS. Grades 1 to 5 had their culmination event where students celebrated their learning and presented the information through skits, songs, and games. The culmination aimed to showcase what the students learned and the application of the knowledge through activities that not only improved and honed existing skills but also discovered new skills in students. Hindi Divas was celebrated along with the culmination, by incorporating the official language Hindi in skits and songs. Working together formed a strong bond between the students creating camaraderie among students, which is so important for the social development of students.

Following were the themes presented by the students:

Grade 1- Family

Grade 2 - Earth: Our Living Planet

Grade 3- Early Humans

Grade 4- Indus and Egyptian Civilization

Grade 5 - Migration

The culmination was interactive, wherein the students played games with parents which in turn provided the students with a sense of accomplishment. The parents who were present for the culminations applauded the students for their performance and confidence. The event was concluded by a brief speech from our esteemed Principal as well as the supportive and encouraging words by our beloved parents. All in all the students showcased 'Intelligence plus Character- that is the goal of true education-Martin Luther King Jr.

Secondary

Divisions Level Competition

Congratulations to Samarth Goyal, our talented AS Level student, for securing the 3rd place in the DSO Taluka Level Lawn Tennis Competition!

Samarth's exceptional performance has earned him a well-deserved spot in the upcoming Divisions Level Competition. We are proud to announce that this prestigious event will take place at the Maharashtra State Lawn Tennis Association in Colaba during the month of October.

Hindi Diwas

“हिंदी हमारे राष्ट्र की अभिव्यक्ति का सरलतम स्रोत है।”

आज गुरुवार, 14 सितंबर 2023 को मैनादेवी बजाज इंटरनेशनल स्कूल में हिंदी दिवस 'आह्वान-परिवर्तन से प्रगति की ओर' कार्यक्रम का शुभारम्भ दीप प्रज्वलन मुख्य अतिथि सुश्री नीतू पाण्डेय क्रांति(गीतकार एवं पटकथाकार) के कर कमलों द्वारा किया गया | विद्यालय की प्रधानाचार्या ने सम्मान सूचक चिह्न दे कर अतिथि का स्वागत किया और हिंदीभाषा के महत्व को समझाते हुए सभा को सम्बोधित किया | कक्षा 6 से 12 तक के विद्यार्थियों ने रंगारंग कार्यक्रम प्रस्तुत किया | जिसमें हास्य नाटक, कविता, दोहे, प्रसिद्ध संवाद, उक्तियाँ, लघुनाटिका और मुहावरों का प्रस्तुतीकरण अतिसराहनीय रहा | हिंदी भाषा एवं साहित्य के क्षेत्र में महान विभूतियों के योगदान को याद कर श्रधांजलि दी गयी |

ATLAS UNIVERSITY VISIT

The students of Grades 9, 10, AS, and A Levels visited the ATLAS SkillTech University on 18 September, 2023. The students interacted with Dr. Indu Shahani, the founding Dean of the Indian School of Management & Entrepreneurship (ISME) at the University. The visit began with a tour of the campus wherein students got a live glimpse of the classrooms being conducted in the Fashion and Product Designing Department. Ms. Bulbul Chaudhary, the Pro Vice Chancellor of the University inducted the students into the Futuristic skills pertaining to Management, Design, and Technology. Students were introduced to 3 courses: ISDI (School of Design and Innovation), ISME (School of Management and Entrepreneurship), and uGDX (School of Technology). The Students also attended a workshop which was segregated into sessions concerning Business and Design. Students were also briefed about the ATLAS ISDI Summer School Program which stimulates them to think out-of-the-box and challenge them to find tangible solutions to problems.

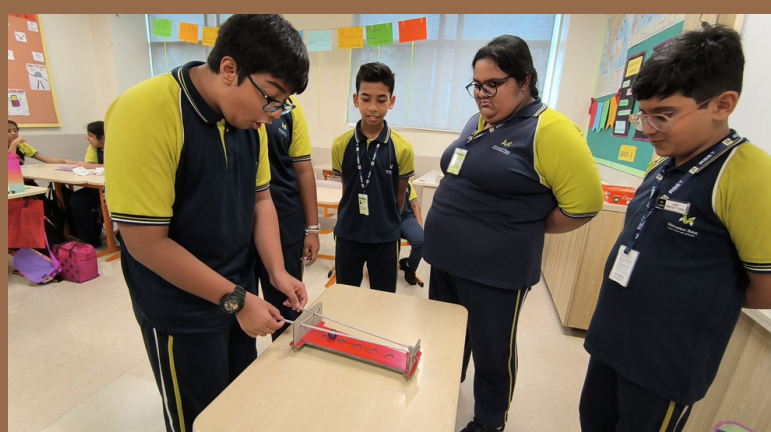

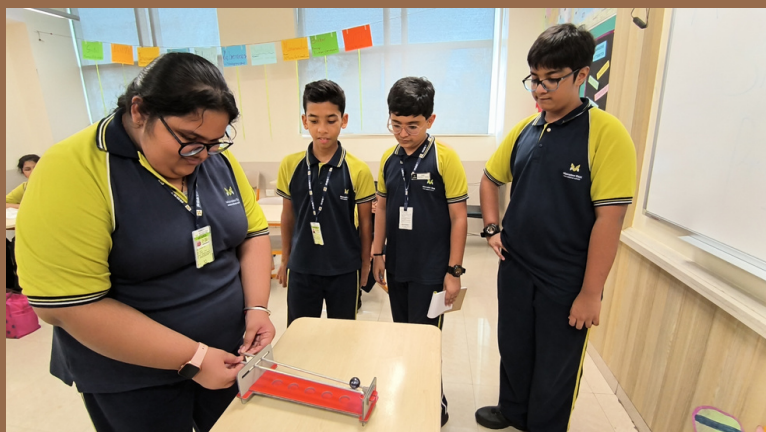

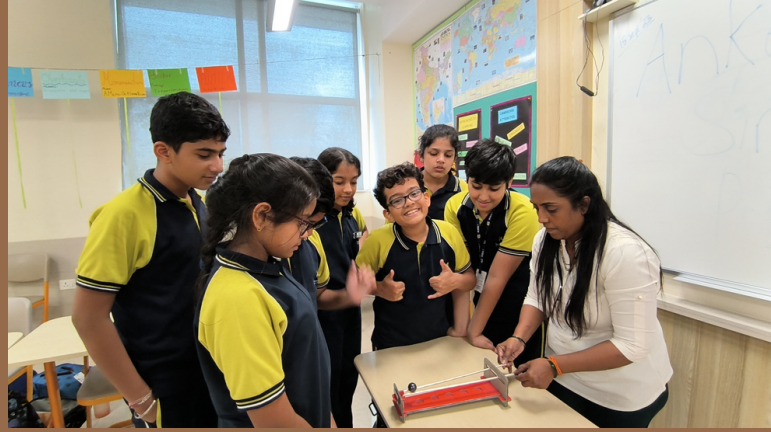

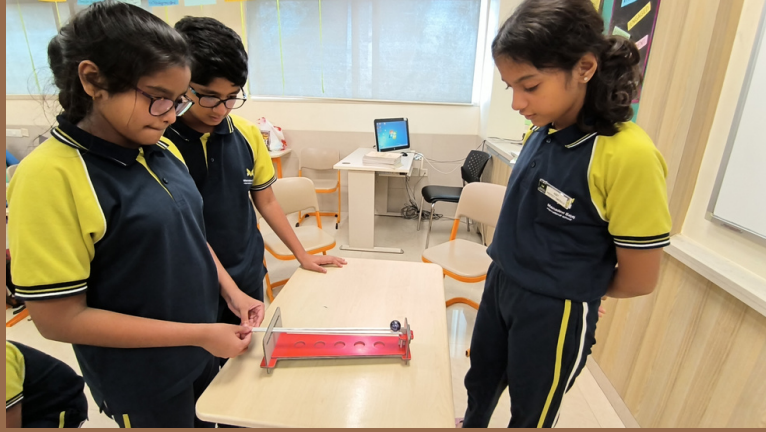

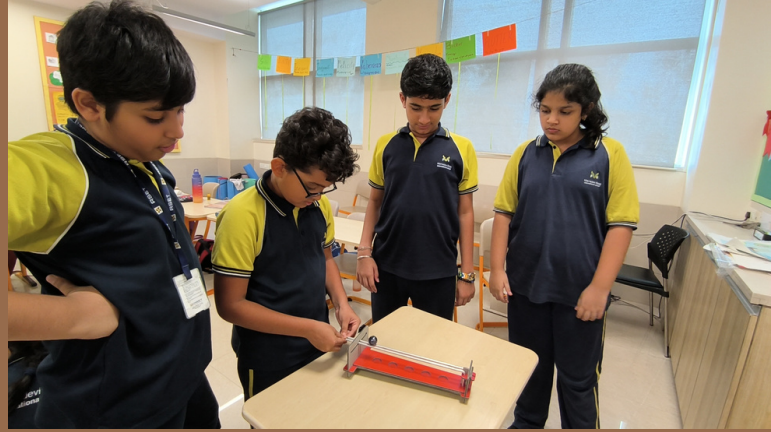

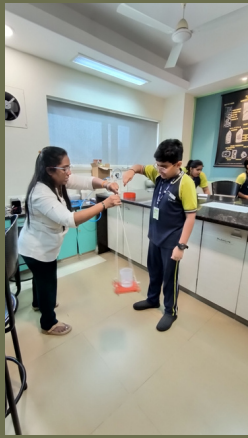

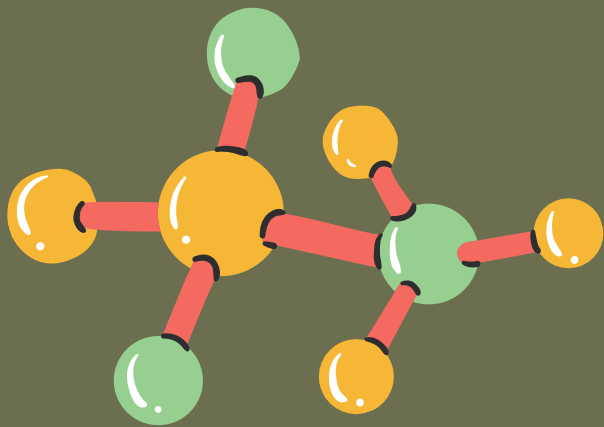

Academic Activities:

Science activity - Grade 6

Students of Grade 6 visited Physics lab to try their hands on experience and performed experiments on Centripetal force and gravity. It was a great learning experience for them.

French Activity based on the theme of food-Grade 9

Day/Date : Wednesday , 27 September, 2023

Grade 9 French students are currently exploring the theme of food. A class discussion on healthy and unhealthy food and how we must try to include more of a healthy and nutritious diet was discussed. As an extension of the theme, the students and the teacher were actively engaged in the activity of making sandwiches.

The students listed the steps of sandwich making on the white board , thereby revising the grammar concept of imperative sentences , verbs and food related vocabulary.

After having the lip smacking sandwiches, they enjoyed the cold café which was refreshing.

The aim to develop communication skills, confident learners and reflective thinkers was very well achieved through this activity.
