SESSION WITH ELLIE

The new year brought yet another enriching learning experience to the students of MBIS as they were greeted by Asia's first animatronic empathy-building elephant, named Ellie, on 4 January 2024. The session was organised by PETA India to sensitise students about animal cruelty and its adverse effects on wildlife. Students engaged in a thought-provoking interaction with PETA representative Ms. Meenakshi to understand at length the cases of animal exploitation and rescue operations. Students found themselves immersed as they listened attentively to Ellie's story and the brutal conditions she was subjected to. Overall, the session proved to be a great impetus in encouraging students to take action against animal cruelty in small ways and be more vigilant towards such cases of exploitation.

➤ SEWA ACTIVITY ➤

SEWA Activity #8 - Knowledge exchange

On Friday, January 5 January, 2024 students of Grades 9 and AS Level were engaged in a well-spent afternoon with students of KGSS, teaching them skills in ICT and English. This activity was part of their initiative under the aegis of SEWA.

Keeping with the modern trends of learning, students of MBIS integrated games and fun into their teachings, spreading smiles on the faces of the learners. It is rightly said, "When you teach, you learn twice." This was apt since our students learnt the benefits of collaboration and team spirit and the joy of sharing one's skills with others.

Secondary

➤ SEWA ACTIVITY ➤

SEWA Activity #9 - Towards UN SDG2 Zero Hunger

Students of AS and A Level aligned the school mission statement 'Empathy for All' to UN SDG 2 'Zero Hunger' through their activity of collecting grocery items such as rice, cereals, and sugar and submitting them to Mumbai Roti Bank, a non-profit organisation. To achieve this initiative, the students of MBIS raised awareness and motivated students and staff to contribute generously so as to attain a good amount of food donation to Mumbai Roti Bank.

An activity for the students, of the students, and by the students!!!

Annual Day

➤ PRE PRIMARY- PRIMARY ➤

24 January 24 was a day to be celebrated as the students from Pre-Primary and Primary rocked with their show. The students from Pre- Primary and the Primary sections presented Sparkle Shine and Smile - the three fairies who aid in emotional resilience by showing 'Happiness' is a choice. The three fairies reiterated that one can choose to be happy and

make others happy in any situation. With the help of fairy tale characters, Sparkle Shine and Smile demonstrated that, although people face adversity, however, if they believe in themselves, they can overcome obstacles by spreading a little sparkle ... a little more shine ... and a big smile wherever they go.

Annual Day CELEBRATION

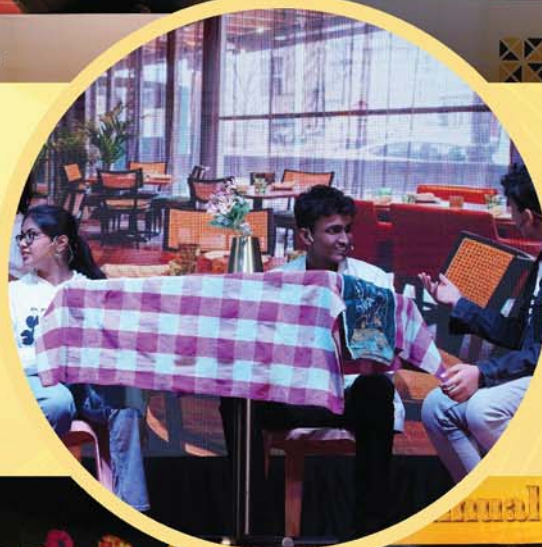

Months of unwavering dedication and hard work by both students and teachers brought to fruition a mesmerising display of talents at the annual day celebration on 24 January 2024 at Mainadevi Bajaj International School. The event saw a burst of colours, action, music, and drama as students of the secondary section enthralled the audience with their performances in line with the theme 'Sparkle, Shine, and Smile; celebrating the glow within you'.

The skits were meticulously planned, depicting the lives of some of the unsung heroes of India and their tireless efforts to pave the way for a brighter tomorrow. The waterman of India, Mr. Rajendra Singh, Dashrath Manjhi (the mountain man of Bihar), and the Robinhood army were some of the

representations highlighted at the event.

The essence of the theme, i.e., to spread happiness, echoed in each of the performances with outstanding choreography that blended seamlessly with the plays. The stories were gripping in their own ways, making the event a resounding success. The annual day celebration also integrated a prize distribution ceremony to felicitate students for their outstanding academic performance.

Overall, the event served as a testimony to the dedication and hard work of the students in executing a mesmerising annual day celebration that was entertaining, engaging, and purposeful all at the same time.

Academic Activities

➤ FRENCH ➤

Grade 6 students explored the theme of seasons in France. The two groups researched the seasons of France, and they presented them in the class. The differences and comparisons between the French and Indian seasons were also discussed after the presentation. It was an enriching experience to bring out seasonal changes on different continents.
