Graduation Ceremony - Sr Kg

Kindergarten Graduation is a special milestone in a preschooler's life. On 12 May 2023, the Senior Kg students at MBIS celebrated their Graduation Day. During the ceremony, the enthusiastic students, apart from walking with confidence to collect their certificates, also sang two songs and left the audience spellbound with their dance. The feeling of pride experienced by the teachers and parents cannot be put into words. The students concluded the ceremony with a 'Thank You' song, an expression of gratitude towards all involved in their precious lives.

Graduation Ceremony -Grade 5

Graduation ceremonies are a great opportunity to celebrate the students' learning and recognize an important milestone in the students' lives.

On 12 May 2023, the Grade 5 students at MBIS celebrated their Graduation Day. During the ceremony, the enthusiastic students, apart from walking with confidence to collect their certificates, left the audience spellbound with their speeches.

Anything constant in life is change, and the students of Grade 5 are all set to begin their next innings; dreaming of a bright future while also fearing the unknown future. They are all set to face the new challenges with courage, confidence, and values they have imbibed all these years in the Primary Section at MBIS.

The bitter-sweet, happy-sad emotions on display not only by the students but also by the parents spoke volumes of how they will miss the primary section and how attached they are to their teachers. The ceremony ended with wishing all the 5th graders the very best in all their future endeavors.

Inquiry fair Nursery

Students of the Nursery enjoyed participating in the Inquiry Fair on transport on Thursday, 11 May 2023. Our little learners confidently spoke a few lines on different modes of transport and presented themselves in front of parents and teachers. It was a proud moment for parents and teachers to see our little learners perform so well.

Inquiry Fair Jr kg

Junior KG students had their Inquiry fair on Our Solar system. It was a delight to see the students saying their dialogues with so much confidence and ease. They presented the topic with the same enthusiasm as they had in learning the topic.

Culmination Grades 1-4

In any kind of learning activity, observation is believed as the most important part. During culminations in school, the kids learn and observe the most. It is also known that performing activities for students make the students stronger and more active.

On 10 May 2023, the Primary students from Grades 1 to 4 had their culmination presented in Durgadevi Saraf Hall. The topics presented were The Seven Wonders of the World, Earth our Planet, Our Rights and Duties, and Oceans and Continents.

The purpose of the culmination was to give students the opportunity to apply, analyze, synthesize, evaluate, and demonstrate the knowledge gained in the classrooms in the form of a skit. This culmination not only discovered the skills and talents of the students especially the singing talent as Grade 4 had a sing-song skit where every child had an opportunity to sing. Culmination most importantly creates a strong bond between the students, creating camaraderie among students apart from allowing students to demonstrate the knowledge and skills they had gained.

This culmination was applauded and cheered by the parents wholeheartedly

Term -2 Results

Term 2 Results of Pre Primary and Primary were mailed to Parents on Tuesday 23 May 2023

Secondary

GLOBAL LEADERSHIP PROGRAMME [GLP]

Culmination

The GLP Culmination held on Friday, 12 May, aimed to simulate the workings of the United Nations by providing participants with an opportunity to engage in diplomatic negotiations, debate global issues, and draft resolutions through a MUN session.

The session provided participants with a realistic experience of diplomatic negotiations and global problem-solving. Through active engagement, participants developed their research, public speaking, and critical thinking skills. The session fostered an understanding of international relations and highlighted the importance of cooperation and dialogue in addressing global challenges.

Sports Championship

Jyotiormay Bhadech from grade 9 won the Decathlon Squash Summer Championship 2023 - Boys Under 17.

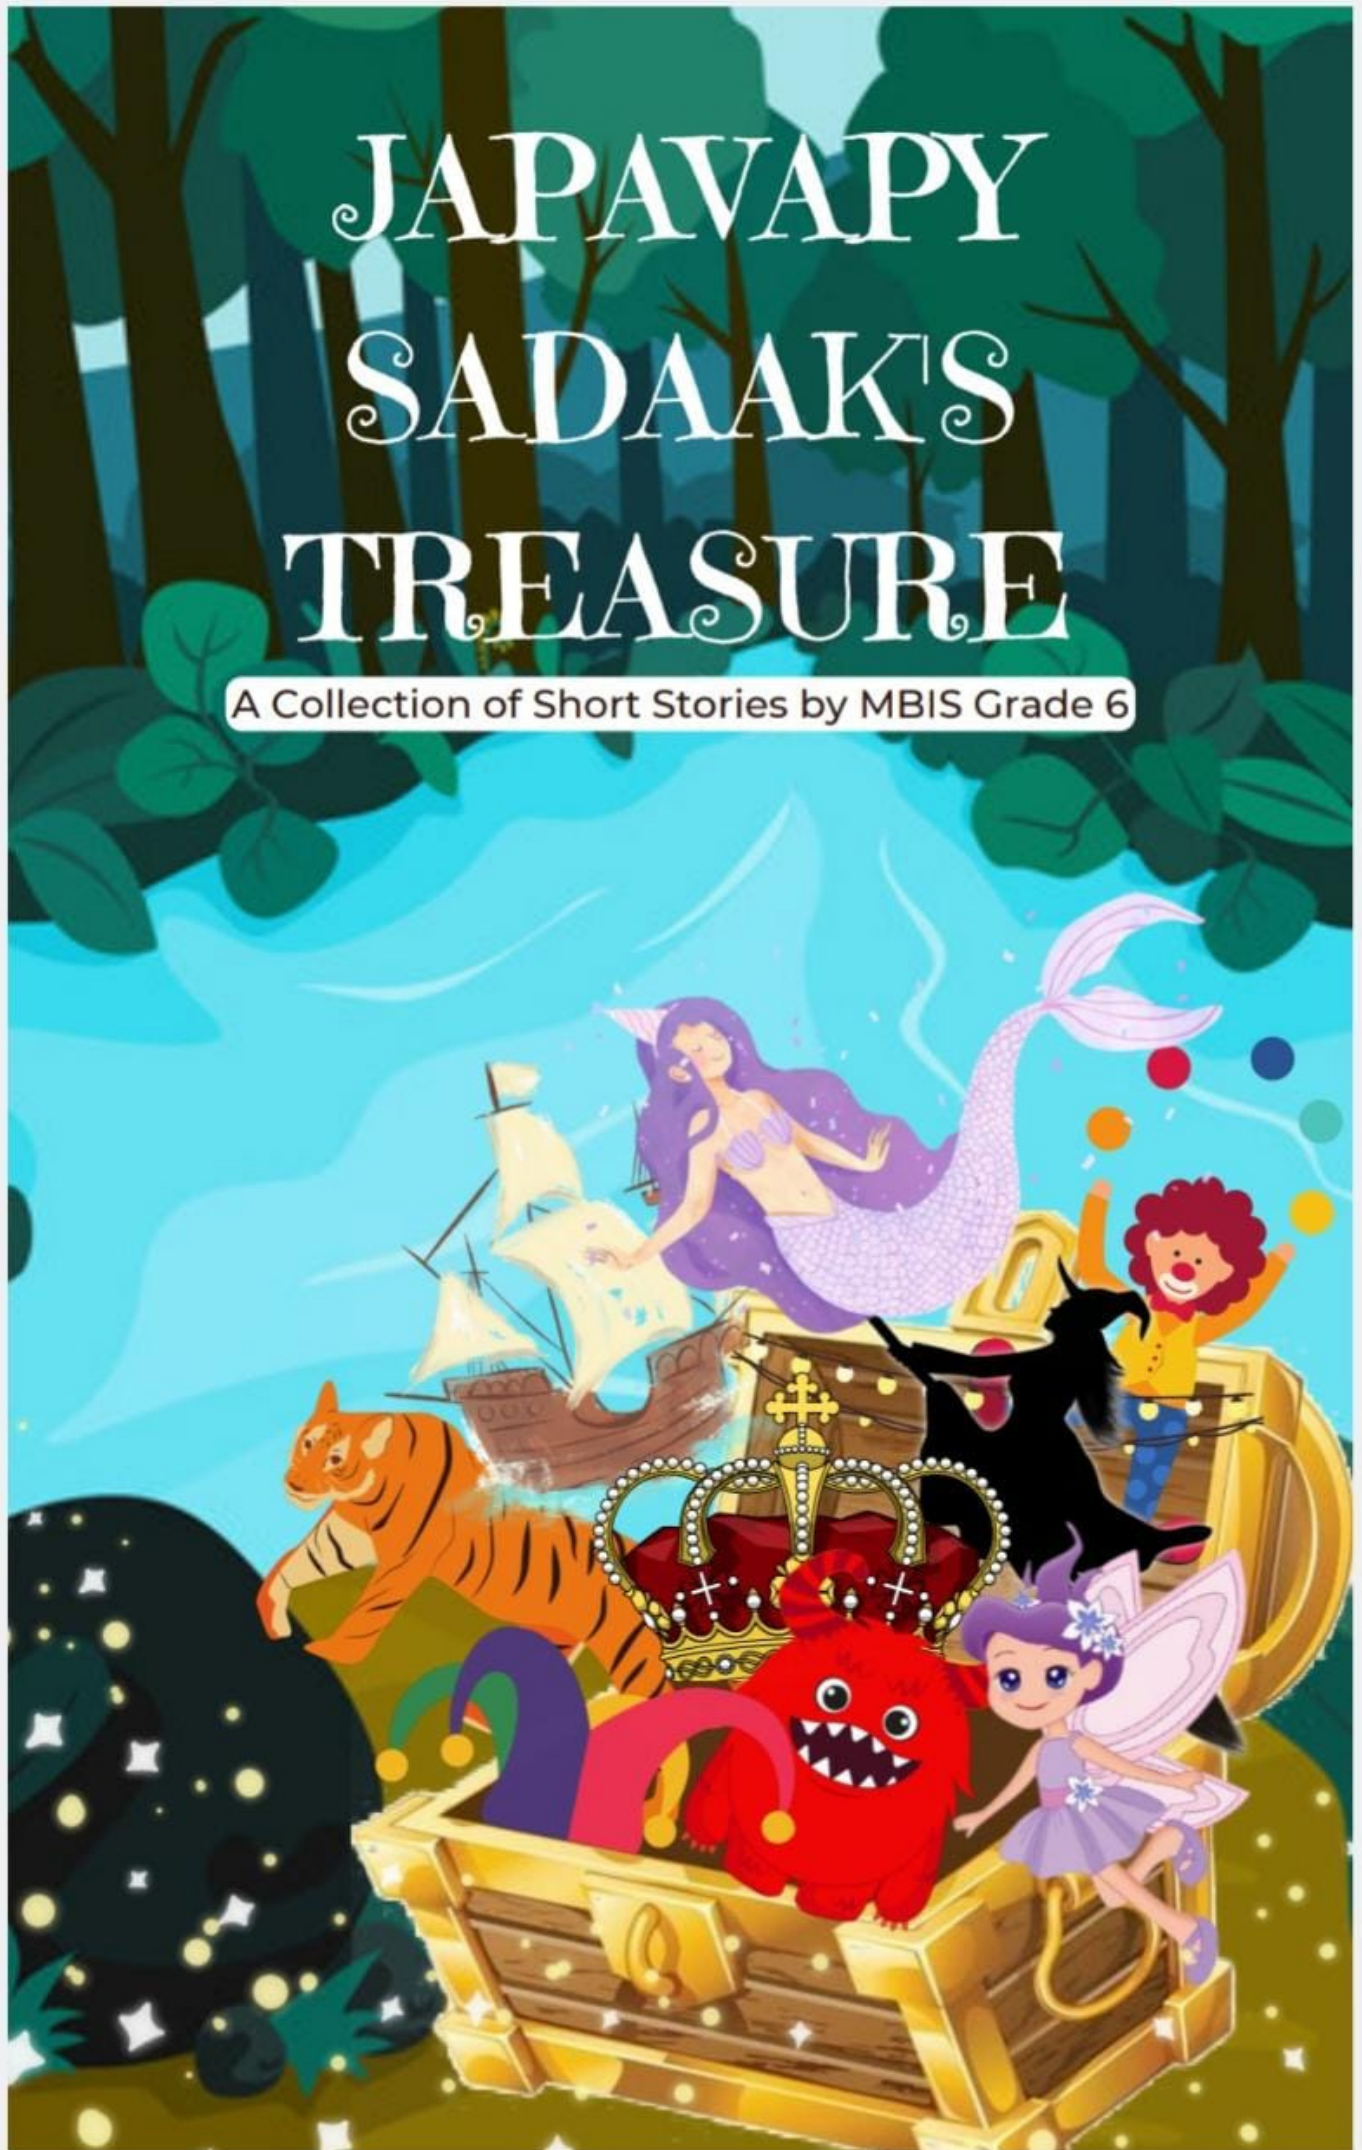

Grade 6 Collection of Stories

The students of Grade 6 have explored different themes in writing all throughout the year. They have put their knowledge and creative writing skills to use and produced one short story each. Fifteen such stories have been compiled, edited, and illustrated by their English teacher and presented in the form of an anthology. The book will be submitted to the library so it may be accessed by all. This is a great boost in confidence for our 15 young writers of MBIS Grade 6.

JAPAVAPY SADAAK'S TREASURE

A Collection of Short Stories by MBIS Grade 6

Graduation Ceremony: Grades 10 & 12

The Graduation ceremony was a culmination of years of hard work, dedication, and individual growth. As the IBDP and IGCSE graduates gathered in anticipation, a mixture of excitement and nostalgia filled the air.

The ceremony commenced with a procession of distinguished faculty members, followed by the graduates, who donned their caps and gowns. Graduates were called to receive their well-deserved certificates. As they walked across the stage, their faces radiated with a mix of gratitude, joy, and a hint of bittersweet sentiment. Each diploma symbolized not only the completion of an academic journey but also the beginning of a new chapter filled with endless possibilities. The Graduation ceremony served as a reminder that education is not merely a means to an end but a transformative journey that shapes individuals and empowers them to make a difference in the world. With newfound knowledge, skills, and a sense of purpose, the graduates were ready to step into the future, carrying with them the memories and experiences that would forever define their time as students.

Results

The IGCSE results are a testament to the unwavering commitment and perseverance of the students who have diligently prepared for their examinations. Countless hours of studying, attending classes, completing assignments, and revising have played a pivotal role in their success. This achievement reflects their ability to manage time effectively, maintain focus, and overcome challenges along the way.

The batch of 2022-23, MBIS has achieved excellent results.

The result is as follows:

Samarth Goyal- 93.57%

Ayushmaan Goyal- 90.85%

Hryday Lath- 90.83%

Prisha Goenka -90.16%

PTM 4 for Grades 6 to 9 gave an overview of the Year's work and the preparation for the next academic year.

Term 2 results for the Secondary have been sent to the Parents on Tuesday 23 May 2023.
